

SUN BEAMS

by WALTER M. BARRETT

Determined efforts by members of the sanitary board to correct the untidy condition of the business blocks are under way as evidenced by the appearance of the streets this week following a nifty job of cleaning. This indicates the board is willing to cooperate. It does not mean, however, that merchants should permit debris to accumulate as the clean-up, under the current financial set-up, will not be more than once each month and much trash can gather in 30 days. The board has taken a step in the right direction and has earned the co-operation of everyone in keeping the town as spic and span as possible.

Truckee this year did not have a celebration on the Fourth. We believe and always have believed that we are so advantageously situated to have one of the best and biggest celebrations available anywhere and it is regrettable we are not offering a bang-up program for the long week-end. We still recall the fine celebration the firemen sponsored two years ago. There is only one serious drawback to such a program. It means hard work and there are few in town who can devote the needed effort to putting over such a huge task. We suggest, then, that next year we arrange to have someone or some organization take over the arrangements. We know there can be few places where natural advantages for such a fête would equal Truckee and we sincerely hope that proper steps are taken to assure a celebration next summer.

We are pleased to welcome Dr. Teeple as our new dentist. His record shows he has been a live wire and community leader in his former location and we feel sure he will be a valuable asset to Truckee. While we naturally regret the departure from our business section of Dr. Cozzallo, who has a better field in Reno, we are pleased to know that arrival of Dr. Teeple will perhaps balance this loss and after all, Charley is still making his home here.

Visitors to Truckee are agreeably surprised to find that unlike practically all other banks in the state, the Truckee branch of the Bank of America remains open on Saturday morning. The matter of closing or keeping open was left optional to Manager Yell Nobles to determine and in order to give better service to the local as well as Lake Tahoe patrons, he decided to keep the institution open. It is a service fully appreciated.

LOCAL RIDER FIRST IN AUBURN SHOW

Dixie Turpin, a young horse owned and ridden by Miss Elsie Edmunds, won first place in the novice and fifth in the hunter classes at the Placer county fair at Auburn last week-end.

Mr. and Mrs. C. Edmunds of Truckee, parents of the rider, attended the show.

OFFICERS APPOINTED BY WYETHIA CLUB

Mrs. Raitt S. Boren has been appointed publicity chairman of the Wyethia Club and Mrs. Jennie Watkins has been named historian for the coming year. The latter is writing the history of the club which will bring in many interesting details of Truckee history. This will be incorporated in a book entitled "The History of the State Women's Clubs to be published in the near future.

The local club has donated the club house and electricity to the local Red Cross chapter to assist in the war relief work being carried on.

TWO POISONED

Two Reno residents suffered ill effects from a picnic lunch they had on Donner Summit Sunday and an ambulance was rushed from Nevada City to take them to a hospital. Their names were not learned.

FISHING GOOD

Excellent fly fishing is being reported by anglers in this region and at Lake Tahoe. Several limits have been reported with Art Barrick taking credit for a 25-fish limit near Truckee. Recent raise of the river due to lifting the gates at Tahoe made fly fishing drop for a few days but it has returned to normal again, experts say.

OBSERVE WEDDING DATE

Mr. and Mrs. Don Huff observed their 20th wedding anniversary last Sunday at their Homewood Resort at Lake Tahoe.

Street Sweeping Program Started By Local Board

Propose To Clean Streets At Least Monthly For Year

TRIAL PLAN STARTED

Board Shows Willingness To Co-operate In Vital Program

Under the direction of the Truckee Sanitary Board, a crew of men this week inaugurated a program which for years has been the source of annoyance. The main thoroughfares were swept clean and the truck loads of long-accumulated debris hauled away for burning.

Frank W. Gaiennie, president of the board, announced that it was hoped to have the task done at least once each month, but urged that storemen co-operate by keeping the street clean in front of their establishments as much as possible.

The board last week submitted its annual budget to the board of supervisors and included a sum to carry on the clean-up work. The amount fixed was not sufficient to have the work done more than once each month during the summer, but it was felt that this would be far more satisfactory than not having it done at all.

It could not be conclusively learned whether the present plan will work out, but at least the board is evidencing a desire to do all they can to make the town more presentable.

TRUCKEE ROTARIANS INSTALL ON MONDAY

Headed by Past District Governor Gus Pardee, nine Susanville Rotary club members participated in the installation program of the Truckee club on Monday night. Tom Oliver, formerly of Hobart Mills was among the visitors. Other guests were present from Napa, Oakland and Tulare, Alex Clements, formerly of Truckee, representing the latter club.

New officers are Theodore Schleuter, president, installed by proxy, Verne Pearson, vice president, L. A. Greene, secretary. The other directors are Dee Bowen, G. E. Hofmann, Joe Mattos and Karl Kielhofer.

Pearson, the retiring president, was presented with a past president's lapel button by the members.

PROMOTIONS OF S. P. WORKERS REPORTED

Floyd Purdy, general yard master for the Southern Pacific company at Roseville, was notified this week of his appointment to the post of train master for the Sacramento Division, with offices in Sacramento, to succeed E. D. Moody, who has been transferred to the Oakland Division.

In line with Purdy's promotion, H. J. Nielsen will step into the general yard master's job. He has been Purdy's assistant.

Purdy succeeded Moody as general yard master in October, 1936, and continues to follow in his footsteps.

SON OF NEW ROTARY HEAD PASSES AT BAY

A note of sadness marked the installation ceremonies of the Truckee Rotary club Monday night when the new president, Theodore Schleuter of Tahoe, was unable to attend because of the death of his only son, an official of the General Electric company in Oakland. Details of the death of the younger Schleuter were not immediately available, but it was reported funeral services were held Monday.

Here for Fourth—

Mr. and Mrs. Colin Campbell plan to arrive here today from Berkeley. They will be the guests of Mrs. E. J. Campbell.

Davis Guests—

Mr. and Mrs. Donald Grenier of Davis will be the week-end guests of A. Bianchi here.

LAKE, LOCAL CLUBS TO HAVE JOINT MEETING FOR STATE OFFICER

A combined luncheon meeting of the Tahoe Women's Club and the Wyethia Women's Club to honor Mrs. Thomas H. Richards of Chico, state president of the Federated Women's Clubs, is being tentatively planned for July 25, according to an announcement by Mrs. James Garibaldi, Wyethia Club president.

Mrs. Richards will be accompanied by Mrs. F. E. George of Willows, northern district president, and Mrs. E. Haslam of Cool, the tri-county president. The luncheon will be held on the terrace at Forest Inn, Lake Tahoe, and will be followed by talks of interest. The definite date will be published later.

LOCAL PEOPLE AT MARRIAGE IN SPARKS

Miss Wilma Foote of Sparks and Lewis Porteous of Burbank were married in the Sparks Baptist church on June 30th. The bride is the daughter of Mr. and Mrs. G. D. Foote of Sparks and the granddaughter of Mrs. Dora Silvey and the late Joseph Silvey, formerly of Truckee.

Mr. and Mrs. W. H. Laity and Mrs. R. P. Bick of Truckee attended the ceremony.

LAUNDRY WORKER DIES IN CABIN HERE

William Wilson, 58, for the past two summers employed at Fontana's Laundry as a marker, was found dead in his cabin home Sunday night, apparently the victim of a long standing illness. Al Fontana called at the cabin to find how Wilson was feeling and getting no response to his repeated knocking, he called Deputy Sheriff N. F. Dolley and the door was forced. Wilson had been dead for some time.

Little is known of the man's history but efforts were being made to learn the whereabouts of a wife and son, believed to be in San Francisco.

MAN TIED OVER FOR TRIAL IN LOCAL CASE

B. A. Beall, charged with issuing a fictitious check, had his preliminary examination in Truckee June 28 before Judge C. E. Smith, who held him to answer to the charge. John Ciardella of Truckee was the complaining witness.

In default of bail, he was remanded to the custody of the sheriff until his trial. Sheriff C. J. Tobiasen, District Attorney Vernon Stoll and Court Reporter Miles Coughlin came to Truckee to take part in the proceedings.

DISTRICT ATTORNEYS HONOR VERN STOLL

District Attorney Vernon Stoll of Nevada county was named secretary of Zone Three of the California District Attorneys Association following an organization meeting with Attorney General Earl Warren in Sacramento last week.

Lowell L. Sparks, Placer county prosecutor, was elected president. A. L. Martin of Amador county was selected as vice president.

STATE BUYS PAPER IN FACE OF SHORTAGE

SACRAMENTO, July 4 —(U.P.)—Ten carloads of sulphite paper, in white and colors, the largest amount of bond paper ever bought on the Pacific coast, was purchased recently by the state printing plant, it was announced this week.

Because of present European conditions, normal imports of pulp and sulphites are cut off, however, State Printer George Moore said this supply of paper will meet the plant's needs for about one year.

CAR OVERTURNS

William Preston, 18, Truckee youth, escaped injury last week when the car he was driving overturned on the Truckee-Brockway road. Preston was on his usual paper route when the mishap occurred. The machine was badly damaged.

From Inglewood—

E. J. Kearney is here from Inglewood. He will return to his studies at California Flyers Monday.

Boca Reservoir Reaches Highest Capacity Mark

Water Turned Into River From Tahoe to Keep Even Flow

Harry Dukes, Truckee River water master at Reno, reported Lake Tahoe apparently was at its highest level for the 1940 season.

The lake gates were opened into the Truckee river two weeks ago when the flow of the river declined, about fifty second feet of water being released. This was increased to 94 feet last Tuesday and 145 feet the next day.

The Boca Reservoir is at its maximum capacity of 45,000 acre feet and 78 second feet of water flowing into the reservoir from the Little Truckee River is permitted to flow into the main Truckee. It is planned to maintain a flow of 500 second feet in the Truckee River itself.

ASSOCIATION HOLDS SLOGANS CONTEST

TAHOE CITY, July 4—Members of the Lake Tahoe-Sierra Association voted at their last meeting to sponsor a contest for a slogan of ten words or less telling of the wonderful climate of the Lake Tahoe region. Two appropriate prizes will be awarded the winning slogans. A penny postcard with the slogan, accompanied by the writer's name and address, should be sent to Henry F. Droste, secretary, Lake Tahoe-Sierra Association, Tahoe, Calif.

Additional maps of fishing trails of the Lake Tahoe-Sierra region are under order to accompany the association's new booklet on fishing in this locality. Members of the state fish and game commission plan to attend the next meeting of the organization to be held at Lake Tahoe on August 20th.

CHURCH LEAGUE TO HAVE SOCIAL AFFAIR

The Young People's League of the Community Methodist Church will hold an old fashioned ice cream social next Tuesday evening at the church.

Ice cream, cake, pie a la mode and berries will be served and home made candy will be sold from 6:30 to 9 P. M.

The proceeds of the social will be used to assist in sending a group to the Epworth League Institute at Camp Pahotsi from August 10 to 17.

McIVER TAKES OVER TRUCK AGENCY HERE

James McIver, Jr., announces that he has secured the franchise for this territory for sales and service of International trucks, from station wagons to three-ton vehicles. The complete line is now available and immediate deliveries can be effected, McIver stated.

COUNTY EXPENSES DOUBLE IN 3 YEARS

Nevada county spent \$16.81 for each man, woman and child in the county in 1935-36, but in 1938-39 it spent \$28.42 for the same purposes, an increase of 69 per cent in the three-year period, declared California Taxpayers' association, studying the per capita cost of county government in California.

Over the state as a whole, per capita expenditures for general county government in California have shown a similar upward trend, the association stated. Average per capita payments for every function of county government, with the single exception of debt service, were higher in 1938-39 than in 1935-36, the greatest increase being in county expenditures for charities and corrections, which doubled during the period.

Of 19 California representatives in congress seeking re-election this year, only Harry L. Englebright of Nevada City is unopposed. There are 13 candidates seeking the post of the late Thomas Eaton of Long Beach.

FUGITIVE OF LOCAL MURDER CHARGE IS FREED FROM ARREST

Louis Jiminez has been a fugitive from justice on a Truckee murder charge for nine years but the Nevada county authorities no longer want him because witnesses necessary for his prosecution are unavailable.

Chief of Police Earl B. Lentz of Santa Ana notified Sheriff Carl J. Tobiasen a man held in the Orange county jail answers the description of the Jiminez wanted for the Truckee shooting of a fellow Mexican.

District Attorney Vernon Stoll conducted an unsuccessful search for witnesses. The original complaint, drawn up by Justice of Peace Charles Ocker, deceased, could not be found.

So last week Chief Lentz in Santa Ana was notified by telegram he need not hold the murder suspect for Nevada county. Jiminez was sentenced to five days on a traffic charge in Santa Ana.

OLD-TIME RESIDENT PASSES IN BAY CITY

Edward Bedeudien, who was a resident here when Truckee was a booming lumber center, is reported to have died in San Francisco last Friday at the age of 81 years.

A number of local people remember him as a former resident and he is related in Sierraville.

NO FIREWORKS IN NATIONAL FOREST

No fireworks will be allowed within the Tahoe National Forest, according to an announcement from the forest headquarters in Nevada City. While expressing sympathy with the average person's desire to get out in the open and celebrate the Fourth pyrotechnically, Forest Supervisor Guerdon Ellis states that there is just too much national resource value to take the chance. With the abnormal growth of grass and weeds and unusually dry conditions prevalent at this time, a fire could easily start and might very easily get beyond control.

LEGIONNAIRES HOLD LADIES' NIGHT TUES.

Thirty-five members and their ladies of Truckee Post No. 439, American Legion, gathered for an Italian dinner at Moro's Tuesday night and an enjoyable social evening was the order of business. The annual installation of officers was scheduled for that date, but was delayed until next Tuesday.

Following the dinner, informal talks were given by the various officers and members of the post and it was the consensus of opinion that the Ladies' Night affairs should be held often.

Attending were Chris Boynedies, Mr. and Mrs. A. J. Rogers, Ernest Siri, Charles Wassman, Peter Borsi, James McIver, Jr., Miss Azad Joseph, Mr. and Mrs. Frank Kinne, Mr. and Mrs. Walter Barrett, Dr. William D. Teeple, Mr. and Mrs. Vernon Pearson, Mrs. E. J. Campbell, William J. Campbell, Mr. and Mrs. Charles Pierce, Mr. and Mrs. Frank Holt, Mrs. Evelyn Carruthers, Harvey Frazier, Mr. and Mrs. Charles Steffen, Mr. and Mrs. H. O. Anderson, Mr. and Mrs. Bert Weeden, Mr. and Mrs. H. G. Loehr, Miss Marjorie Parr, Mr. and Mrs. John R. Wolert and John Scapellato.

TRUCKEEITES INVITED TO NEVADA CO. DAY

Residents of Truckee have been invited to join other communities in the celebration of Nevada County Day at the California State Fair at Sacramento on Wednesday, September 4, 1940.

This information comes from invitations received by Charles B. White, president, and Lotta Bryant, secretary, of the Truckee chamber of commerce. The California State Fair opens at Sacramento on August 30 and runs through September 9.

Kearney Guests—

A. J. Finnegan of Sacramento, with Mrs. L. C. Kearney of Sylvan, are holiday visitors at the F. F. Kearney home here.

Mr. and Mrs. C. A. Gates visited in Roseville a few days this week.

School Boards Reorganized In Local Meetings

Budgets Submitted to Carry On Work During This Year

TEACHER IS EMPLOYED

Pearson, Dolley To Head School Boards Here

The two Truckee school boards met Monday to install the newly elected trustees, reorganize and discuss the business for the coming school term.

Verne Pearson was elected president of the high school board, replacing H. I. Snider, who retired from the board. Mrs. Lotta Bryant will continue to serve as clerk of the board. Other members present were Mrs. Henrietta Weeks, A. Schmidt and L. A. Greene.

The school budget was prepared and submitted for the high school and will be approximately \$14,000, a slight raise over last year. The board proposes to purchase two lots adjoining the present structure for the purpose of erecting a gymnasium some time in the future, if it is found advisable.

N. F. Dolley was chosen as president of the grammar school board, replacing Mrs. George Kamp. Mrs. Dan Smith was renamed as clerk. The third member is C. J. Bowers.

The budget which was submitted is for \$8,300, only \$3 higher than last year's request. It is hoped that money heretofore paid for the Hobart Mills school can be used to an advantage in the Truckee school, providing for improvements otherwise impossible under the limited budget set up.

Miss Olson of San Francisco was engaged to replace Miss Mable Givens in the first three grades. She comes here highly recommended.

LOCAL PATROLMAN HAS BUSY WEEK-END

Frank H. Bryson of Sacramento was cited by State Patrolman A. C. Barrick Sunday morning on a charge of careless driving after Bryson's car collided with a large truck driven by Lyman Munger of Reno near Floriston. No one was hurt in the mishap.

F. C. Kruger of Martinez escaped unhurt when he stopped his car suddenly near the quarantine station to avoid hitting a cow in the road and a second car crashed into the rear of Kruger's machine.

Arrests reported by Barrick over the week-end were Jess Snider, Sacramento, cutting curves; Neville Dalton, Los Angeles, fictitious registration; Paul Vegors, Sacramento, speeding; Marybelle Frazier, Pinole, cutting in; Wendell Robie, Auburn, wrong side of road; Albert Velarde, Portola, cutting curves; S. E. Hall, Salt Lake, speed; W. A. Smith, Nevada City, drunk driving; Chester Wilcox and Bert Bergen, county sobriety ordinance; Clarence Taylor, San Diego, speed.

CATHOLIC SERVICES SCHEDULE CHANGES

Father William Daly announced this week that mass will be held at 8:30 in the local Catholic church on Sundays during the summer months, instead of 9 A. M.

Father J. O'Conner, recently located at Sacramento, will assist Father Daly in the summer schedule for Lake Tahoe. Mass will be held at Tahoe City at 8 and 10:30 A. M. and at Al Tahoe at 10:30.

DEFENSE TAXES HIT IN FORCE THIS WEEK

The new federal defense taxes have made themselves felt in Truckee through the medium of the Donner Theater. Manager Verne Shattuck announced that, starting with last night's show, adult admissions had been raised to 44 cents and student admissions to 30 cents. The taxes hit the liquor and cigarette users of Truckee to an even greater extent.

EDITORIALS

WALTER M. BARRETT, Editor and Publisher

A DARK HORSE ROMPS HOME

America's traditional two-party system has come back to life with a vengeance with the nomination of Wendell Willkie to carry the Republican party standard at the polls next November.

Skeptics who murmured that the country was fast slipping toward a one-party government, who complained that democratic processes are no longer effective, have a different tune today. The reason is the remarkable advent of Wendell Willkie who upset all tradition in riding to victory at Philadelphia last week. His triumph has given evidence to members of both parties that, whatever their personal views may be toward the man from Indiana, the processes of democracy are in healthy working order.

For here was a man virtually unknown only a few weeks ago, who, without political organization, funds, or seasoned advisors, achieved the nomination almost entirely on the strength of the popular enthusiasm he aroused. A large share of that enthusiasm was due to the bluntness and candor of the Hoosier utilities magnate who passed up vote-catching promises and half-truths to speak his mind freely and frankly. Though an amateur in politics, he apparently saw more clearly than the professional experts that the rank and file of his party was prepared to accept one who balked at the usual catch phrases in favor of a frankly realistic statement of his own opinions.

Should President Roosevelt run for re-election this fall, he will find himself matched against a candidate who is likely to prove as colorful and persuasive as himself. A battle royal between two such worthy opponents would give heartening proof that America's traditional two party system is again functioning vigorously on all cylinders.

And that system, we cannot afford to forget, lies close to the core of American democracy from which it grew.

FIFTH COLUMN TRAPS

The sentencing to jail in Auburn of two men who had victimized scores of citizens of funds "to fight fifth columnists" should end, once and for all, the activities of such conscienceless racketeers.

There is no need for citizens to pay for protection against saboteurs and fifth columnists. The government is acting swiftly and decisively to safeguard the internal security of this country. Legislation for compulsory registration and fingerprinting of all aliens has just been hurried through Congress. Under the terms of the Emergency Relief Administration Act, any WPA worker in California holding membership in Communist or Bund organizations is punishable for a felony. The Federal Bureau of Investigation is increasing its staff and redoubling its vigilance to thwart any actions threatening the nation's safety.

Meanwhile, we can ill afford to let ourselves fall into that fifth column trap which seeks to stir up enmity toward all aliens or weaken our faith in democracy.

To accomplish their aim, fifth column elements need not convert any person to the doctrines of Hitler or Stalin. If they sow seeds of disunity, confusion and strife in our midst, by whatever means, they will have achieved their main purpose—which is simply to prevent us from being a united nation in this time of crisis.

Eternal vigilance remains, as ever, the price of our liberty and the guarantee of our freedom.

One way to further the national defense program would be to reserve our man-power by having less reckless Sunday driving on the highways.

Fifteen educators the other day urged that the United States immediately get in the European war and send an army abroad. It need hardly be said that none of the fifteen is within the age of conscription.

DANGER!

POLITICAL PARADE

by CLEM WHITAKER

Nobody wanted him but the people!

That, in six simple words, is the amazing, stimulating story of Wendell Willkie—the Republican nominee for President of the United States.

It is a story in the best American tradition, for it proves, once again, that in a democracy the people are still the king-makers.

It proves that miracles can still happen; that a man can still triumph over obstacles.

And millions of American citizens of all political faiths and opinions—including many who were pledged to other candidates—thrilled to Wendell Willkie's nomination at the Republican party's big national convention.

Democrats, as well as Republicans, should welcome big, lumbering, able Wendell Willkie into the fray, for his nomination bespeaks a healthy democracy. It foreshadows the return of the two-party system to American politics after eight years in which the Republican party has been badly in eclipse.

Whether you like him, or don't like him, Wendell Willkie is a natural born leader; he is a forthright American who has had a brilliant success in business—and who still believes in the system of private enterprise. He will make a worthy antagonist for those who differ with him.

Competition is not only the life of trade; it is the life-blood of a democracy.

And in light of developments at the Republican Convention, America is still a sturdy fighting democracy—and The Great Game of Politics is still highly competitive.

What the G. O. P. keynoters said about the New Deal and the Democratic Party would make even a donkey's ears stand on end in anticipation of coming events.

Know Your AMERICA

(Ed. Note: This is one of a series of short articles taken from data compiled for scenes of "America! Cavalcade of a Nation", theme spectacle of the 1940 California World's Fair.)

The New England group of American colonies was made up of Puritans. Religion dominated these people and the clergy controlled public affairs until merchants and lawyers began to exert their influence in the eighteenth century. The church and school formed the center of each town and town meetings constituted local government. Each town was a unit of settlement surrounded by small farms that had been laboriously cleared of rocks left by the glaciers of the ice age. However, abundant forests provided excellent timber for shipbuilding so the New Englanders took to the sea. Thus fishing and commerce took the lead as a means of livelihood, with Boston as the principal seaport.

Rubber had little value until vulcanizing was discovered and patented. Today, thanks to research, more than 30,000 different rubber products are in use.

Total excess reserves in members of the Federal Reserve System now exceed \$6,000,000,000, an increase of \$2,000,000,000 in one year.

Democratic cmeftans will pay off in kind, of course, when their big Chicago convention gets going on July 15, and the boys will then be off to the races.

The most significant aspect of the Republican conclave, however, was the fact that the convention gave every evidence that the party has been "born again"—and has recaptured a large measure of its old aggressiveness.

THE POCKETBOOK OF KNOWLEDGE

by TOPPS

OUR WEEKLY SERMON

Individual Freedom

FREEDOM BELONGS to the individual, and no system that denies this can possibly win and retain the support of enlightened thinkers. Intelligence vetoes slavery, which always results from obscuring that eternal freedom which is vital and real. Stephen and Paul did not hesitate before adverse popular opinion or misguided human authority when there was an urgent need to voice the truth. In the Christian Science textbook, "Science and Health with Key to the Scriptures," Mary Baker Eddy says (p. 224): "Truth brings the elements of liberty. On its banner is the Soul-inspired motto, 'Slavery is abolished.' The power of God brings deliverance to the captive. No power can withstand divine Love."

It is an old argument of error that tyranny is justified because it works to bring about good for the majority, that it will procure orderliness and peace, and winning factions, fulfill all practical needs, weld into unity elements that appear discordant and erratic. Such a belief, manifesting itself in a form of government which denies individual freedom of thought, speech, and action, may appear for a time to improve material conditions by checking license and other abuses which prey on individual rights. But the core of tyranny is its seeming power to produce a semblance of obedience through fear, instead of through intelligent self-discipline, and the basis upon which it rests cannot be made sound by over-zealous eloquence. Tyranny rejects spiritual values, without which existence is a meaningless dream. Devoid of reality, lacking the divine attributes which ensure the continuity of all right ideas, its pretense to power falls before the law of God.

God is omnipotent, omnipresent, omniscient, and omnivictive, governing all His children through spiritual law. This divine law can be understood and demonstrated by all, for their mutual good. There is nothing in mortal being that can intervene between God and His creation, including man made in His likeness, who is wholly good.

Even though this truth may be obscured for a time, it will stand in spite of all efforts of evil to erase it. Man cannot be separated from God, the cause of his being, the source of all real existence. Soon or late, every mortal will awake from the dream of separation from God, good, to hear and respond to the call of Love. Then will Principle and its reflection be understood as existing in everlasting harmony; and Love's likeness will be seen as eternally loving. Truth will "sweep away the refuge of lies, and the waters shall overflow the hiding place" (Isaiah 28:17).

Let us, therefore, seek and maintain the true sense of government that manifests the unalterable relationship existing between God and man; and let us not violate it by interposing a command to worship the idols of human will. Individuals must be free to offer their sole allegiance to God. The dawn of His day appears; the "bright and morning star" (Revelation 22:16) is seen as the coming of the Christ, Truth. The effect of this spiritual dawning on human thought, bringing hope and healing to men, is shown in the life and works of Christ Jesus.

Right thinking individuals are united in the prayerful effort to see true freedom and law as divine attributes, and to claim their benefits for all. Mankind must gain a fuller understanding of the First Commandment, "Thou shalt have no other gods before me" (Exodus 20:3), for obedience to it brings about the destruction of all evil. Then, like John the Revelator, all the people shall hear "a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God."

The Man At The Keyhole

by OPERATIVE WB

Women in politics have a tough enough time of it, so they report, just trying to get around the men. But now, it seems, the lady politicians have a new headache in addition to having brains and subtlety, they gotta have what Mae West and Greta Garbo have, or something closely akin to it. As the latest example of unfair competition, the indignant feminists cite the fact that Helen Gahagan, Hollywood screen celebrity and wife of Melvyn Douglas, is seeking the appointment as Democratic national committeewoman from California and what's more, she looks like she's going to get it!

Tops in slogans at the G.O.P. National Convention, uor spy reports, was that flaunted by the Robert Taft supporters. It read: "No glamour, No sarong; Just a Man Who Won't Go Wrong!" But Assemblyman Sam Yorty of Los Angeles, announcing his candidacy for U. S. Senator with a blast at isolationists was deadly serious. Said Sam: "There can be no peace and no security while Hitler's Hordes are on the march." It's political time.

LAKE TAHOE NEWS

"NEWS & VIEWS ABOUT THE LAKE"

by ANNE B. ANDERSON

SMALL FIRE PUT OUT NEAR TAHOE VISTA

TAHOE CITY, July 4—A small brush and ground fire at Tahoe Vista was soon extinguished by Forest Ranger Charles Arment and the new pumper truck assisted by Gene Cox, lookout at Stateline Point, who discovered the blaze, and Ernest Baxter, chief forest ranger of the Tahoe national forest at Nevada City. Through the prompt action of the forest service crew, the blaze was confined to a small area of approximately 80 x 100 feet. A citation to appear in the court of Justice E. W. Bliss on Tuesday was issued to Mrs. Virginia Gorrill of Tahoe Vista, who allegedly emptied hot ashes causing the fire.

TAHOE REGION NEWSETTES

Mr. and Mrs. Stanley Dollar of Piedmont and Walnut Creek are occupying their lakeshore estate near Carnelian Bay.

Mr. and Mrs. William Wallace Meit of Woodside arrived at their Tahoe Park home on Saturday for the season.

Mr. and Mrs. R. H. Shainwald of San Francisco opened their Sunnyside home last week.

Dr. and Mrs. George H. Hinkle of Lakeview Drive are on a motor trip to Oregon this week.

Mr. and Mrs. Fred Holloway of Winnemucca and Elko, Nev., were guests at the home of the former's aunt and uncle, Mr. and Mrs. Willis Hevel, last week while on their wedding trip.

Patricia Weldon of El Cerrito is a guest at the home of her friend, Miss Betty Woodruff of Tahoe Park this week.

Mr. and Mrs. Richard Kirman, Sr., of Reno opened their summer home near Pomin's last week.

At their Tahoe Pines home are Mr. and Mrs. Frederick Ackerman of Piedmont.

Larry Metcalf of San Francisco is entertaining friends at the family home near Tahoe Tavern.

State highway crews are installing new culverts near King's Beach this week.

Work on the county road to Rubicon Springs has been completed as far as Miller Lake, this being as far as work will be done this season, according to reports here.

Mr. and Mrs. James Walton of Glendale are spending the summer at Lake Forest.

Mrs. Charles Swanson of Oakland arrived at her Sunnyside home last week accompanied by her son, Jimmy.

The opening of several major resorts on Saturday night drew thousands of pleasure seekers to the lake.

TAHOE OFFICER KEEPS BUSY DURING WEEK

TAHOE CITY, July 4—Traffic officer Jack Thielen arrested Bud Ross, 38 year-old former Alturas resident, here Saturday night on an alleged bad check charge. Thielen received an all-points teletype bulletin dated June 27th, giving Ross' car license number and directing officers to hold the latter for Sheriff John Sharp of Modoc county. The officer discovered Ross parked 100 feet off the highway, about three miles down the Truckee River. Ross stated that he had been camped near Tahoe for about three days while looking for work. He was formerly a tractor operator. The state patrolman took Ross to the Truckee jail over night, notifying Sheriff Sharp, who sent at once for the prisoner. The bad check charge is reported to involve a sum of \$41.

Thielen also investigated an automobile accident which occurred on the Truckee-Tahoe highway at Big Chief camp last Thursday in which John Burns, 45, of Redwood City was slightly injured. The Burns' car, driven by Robert George Burns, 18, was making a left hand turn from the highway into Big Chief Camp when a car driven by Gerald Eugene Smith, 39, of North Sacramento, struck it, turning it over. There is a slight turn in the road just beyond the camp and the Smith car was traveling north. Both cars were slightly damaged.

WOODMEN TO SPARE TREE ON RESUEST OF LAKE TAHOE FOLKS

TAHOE CITY, July 4—Letters received by Tahoe residents on Thursday from the state department of public works gave assurances that the huge twin pine tree landmark in the center of Tahoe City's main street would be saved from its scheduled removal as part of the new improvement project on the Tahoe to Truckee road.

A petition campaign to spare the tree by interested citizens is credited with the reversal of a former ruling by the state highway officials. It is estimated that the historic conifer is well over two hundred years old. Highway officials state that adequate measures for safety will be taken with flash beacons and zoning around the tree to protect drivers.

TAHOE CITY, July 4—Thirty-five children and adults were present at the American Sunday School Union services at Tahoe Community Center Sunday morning. Rev. C. W. Graves, Reno missionary, and Rev. George Proctor of Tonahap, Nev., attended, as well as guests from many valley points.

TAHOE CITY, July 4—The car party given by several of the ladies of North end communities at Brockway last Thursday was a distinct success, raising a substantial sum for civic projects. Much credit is due Miss Charlotte Evans and her committee.

Mrs. Sam Goss of Lake Forest entertained a table of friends at bridge at Brockway Casino last week. In the group were Mesdames Floyd Carnell, Otto Darlin, M. C. Mason and Tejas Edwards.

The Forest Inn at Ward Creek, formerly Prusso's, drew throngs of guests, keeping the new managers, Mr. and Mrs. Carl B. Dyer, busy greeting old friends and new.

Famous Regatta Scheduled

TAHOE WAR RELIEF FUND SWELLS TO \$243 AS SEWING GOES ON

TAHOE CITY, July 4—Additional contributions to the War Relief fund gathered by the Tahoe chapter of the American Red Cross brought the total up this week to \$243.20. Sewing and knitting is progressing daily with the following garments now completed by ladies of the local chapter and many of the members of the summer colony who are assisting: 11 children's dresses, 4 women's dresses, 8 children's sweaters, 6 men's sweaters and several pairs of socks. Sewing on bed-jackets and layettes will begin this week.

Contributors to the War Relief program last week included Mr. and Mrs. J. C. Lewis, J. A. Luhr, Mr. and Mrs. Ernest Hoerder and Mr. and Mrs. W. T. Davis.

TAHOE DROPPING

TAHOE CITY, July 4—The level of Lake Tahoe on Monday, July 1, was 6228.3 feet, a drop of .01 feet from the three-day stationary level of 6228.31 for June 27—29. Highest temperature on Sunday was 74 degrees and lowest 44. Three gates are open now at the Truckee Dam outlet and 228 CSF of water is leaving the lake. Rain Saturday left .01 inch of precipitation. High winds blew on Friday and Saturday with a slight drop in temperature.

SCHOOL BUS GARAGE

TAHOE CITY, July 4—A new garage for the school bus is being constructed on Grove street, near the corner of the main street, which will be handy for the bus driver when winter snows arrive.

FIRST REGATTA AT TAHOE SET FOR THIS SUNDAY AT TAVERN

TAHOE CITY, July 4—The possibility of several additional boat races being added to the nine events already scheduled for the Tahoe Yacht club's first regatta of the season on July 7 at the Tahoe Tavern course was reported here this week. Events include: (1) Stephens (2) 225 horsepower took boats (3) championship free-for-all (4) 300 horsepower (5) Bang-and-g-back race (6) handicap (7) relay (8) 165 horsepower and under. Attempts were being made last week-end to add a 100 horsepower and under class race by a group of owners whose boats were allegedly "handicapped" by classification now established.

Regatta committees are working continually, preparing the amended schedule of events which will likely be announced at the election of officers on Friday at the Tavern.

Lou Fageol will enter So Long III but C. B. Hanson of Reno will not enter a bat, according to late reports.

Commodore Randolph C. Walker announced the addition of five new members to the club's roster this week.

FIRE DEPARTMENT DRIVE

TAHOE CITY, July 4—Ranger Charles Arment of Tahoe Public Camp is trying to organize volunteer fire departments in each locality on the north side of the lake to assist in extinguishing house fires and work in connection with the new fire pumper truck and crew. Meetings in each district will be held soon, Arment said, and residents hope for a good attendance to help sponsor the project.

Continued Progress by Bank of America Shown in Mid-Year Report

High Marks Achieved, Defense Program Aided

Reflecting continued progress, now total \$152,206,420.87, as compared with \$118,853,090 reported on December 31, 1939, were increased \$33,353,000 for the period, including \$30,000,000 of convertible preferred stock issued June 10, 1940, a net increase, exclusive of the new stock issue, of \$3,353,000.

SOUND RETURNS
Earnings for the six months were \$13,622,000, from which \$1,970,000 was applied to reserves for depreciation on banking premises and amortization of bond premiums and \$3,008,000 reserves applied to reduce carrying value of assets. From the balance, \$2,860,000 was added to undivided profits and \$498,000 to other reserves, after the

payment of \$4,866,000 in dividends at the annual rate of \$2.40 per share on the common stock and 4% on the issue price of the preferred stock and after \$425,000 in profit-sharing bonus to employees. An unallocated reserve of \$6,900,000 was set up by a transfer from undivided profits account, and \$1,600,000 also transferred from undivided profits, was placed in the preferred stock retirement fund.

DEFENSE AIDED
"We are pleased to be able to make such a satisfactory report," said L. M. Giannini, president of the bank. "This result has been accomplished in the face of disturbed conditions everywhere. California, a foremost producer of many essentials required in the national defense program, and Bank of America, through its 495 branches in 307 communities, are giving major assistance in this great effort."

WHEELER BECOMES ANTI-THIRD TERMITE THIS WEEK

Sen. Burton K. Wheeler, D., Mont., one-time Progressive candidate for vice president, said in St. Louis this week that he would seek the Democratic presidential nomination at the convention which opens on July 15—third term or not!

Wheeler previously had stated he would run only if Roosevelt did not

seek re-nomination.

The popular western solon said he would support the Democratic party only if he was assured that its platform would be strongly anti-war and anti-interventionist.

This brings to a total of three the unqualified candidates for the nomination against the president. Vice President John N. Garner of Texas, and Postmaster General James A. Farley are also anti-third termites in the Democratic camp.

Politically Speaking

by JOHN W. DUNLAP

United Press Staff Correspondent

SACRAMENTO, July 4 —(U.P.)—The consensus of political opinion at the Capitol is that the entry of Assemblyman Sam Yorty of Los Angeles into the race for the Democratic nomination for U. S. Senator will turn out to be a break for Hiram Johnson in his re-election campaign.

Most observers believe that Yorty will take votes from the other Democratic candidates for the senatorship, Lieutenant Governor Ellis E. Patterson and Los Angeles Supervisor John Anson Ford, rather than from Johnson.

The veteran senator is Republican but is seeking the Democratic nomination as well as that of his own party. He is opposed on the G. O. P. ballot also by Patterson and Ford but there was little doubt that he would receive the Republican nomination.

Yorty received valuable state-wide publicity as chairman of the Assembly "Little Dies" committee which investigated radicalism in relief and he is seeking to capitalize on the current public fervor against "fifth column" activities. He also is attacking the well known isolationist stand of Senator Johnson.

It appeared probable, however, that Yorty will run best in his home town, where he will undoubtedly draw support from Ford. The Los Angeles supervisor is little known outside of the county.

Lt. Gov. Patterson once was considered a strong candidate for the Democratic nomination but he didn't help himself politically when he broke away from New Deal forces during the presidential primary campaign and launched his own left-wing ticket. The Patterson slate ran a poor fourth and the lieutenant governor has been trying to climb back on the Roosevelt band wagon ever since.

Patterson is a strenuous and effective campaigner, however, and is not to be counted out entirely this early in the game.

Governor Olson's appointment of Prof. Max Radin of the University of California as an associate justice of the state supreme court was made up despite widespread criticism of Radin for his liberal views.

Radin is widely known as a liberal and in some circles he is regarded as a radical but the governor said he believed the new justice "will add to the court balance and a legal mind of genuine brilliance and versatility."

With appointment of Radin, Olson has named three justices during his 18 months in office, only one short of a majority of the court. The others were Phil S. Gibson, who was elevated to the position of chief justice upon the death of William H. Wente, and Jesse Carter, former state senator from Redding.

The governor said Radin was highly recommended by members of the state bar, federal judges and promi-

AMERICAN PLANES SURPASS FOREIGN IN QUALITY, BUILD

by DON WILEY

(Member, Aviation Writers' Ass'n)

What is the "life expectancy of a war plane?"

The question is pertinent, in light of nationwide excitement over mass production of aircraft for U. S. defense. And the answer sheds considerable light on the basic differences in building air power in Europe and America.

Nazi Germany has created the world's largest air force. But it was built for a specific objective—bombing and combat. And, incredible as this may sound, Nazi production methods are reported to anticipate the average life of a war plane in action at not more than 24 to 25 hours.

Dominated by such an objective, an amazing mass production has been possible. It is as though you were to say: "Inferior materials and methods are good enough for something that will last only a day."

The American aircraft industry, which has its heart right here in California, has always built for maximum life and extreme efficiency, for it creates planes for peace as well as war. The U. S. Army and Navy and the air lines demand the highest

standards in the world. The life expectancy of our planes is rated in months and years—not in hours.

Today American-built aircraft, military and commercial, are the finest in the world—sturdier, faster, more maneuverable than anything Europe has been able to develop. But they are produced to American standards and by American methods. And under such standards and methods, mass production on a scale achieved in Europe cannot be accomplished overnight, even though the aircraft industry is preparing for any emergency.

Assemblyman Don Allen, Los Angeles Democrat who is on Governor Olson's purge list, is having difficulties because of the filing of a rival candidate with the same surname.

Allen went to court seeking a restraining order to prevent candidate Allister M. Allen from listing his occupation as a "representative." Assemblyman Allen charged that his opponent is a clerk, not a "representative."

GAME BIRDS REARED BY STATE SET OUT

SAN FRANCISCO, July 4—That the California division of fish and game is stocking the state with large numbers of upland game birds is graphically shown by a bureau of game farms report made this week by Bureau Chief August Bade.

"Game bird distribution in California is now almost exclusively through the rearing pens located in 85 different localities in the state," according to the report. "Game birds for these pens come from either the division's Yountville Game Farm or the division's Los Serranos Game Farm at Chino."

"More than 60 per cent of these pens have been built by conservation minded individuals and clubs," Bade stated. The report further points out that "local boards of supervisors are cooperating with sportsmen's clubs in helping to build, maintain and operate game bird rearing units" and that "the state and federal forest services are becoming more and more a factor in game bird distribution."

The following is a summary of the activities of the bureau of game farms for the month of June, 1940:

PHEASANTS: Eggs hatched, 13,661; eggs laid, 26,537; birds distributed, 12,849; eggs set, 23,155; eggs distributed, 882.

PARTRIDGES: eggs hatched, 5087; eggs laid, 5593; birds distributed, 2865; eggs set, 4465; eggs distributed, 16.

QUAIL: eggs hatched, 1698; eggs laid, 2855; birds distributed, 420; eggs set, 1927; eggs distributed, 16.

standards in the world. The life expectancy of our planes is rated in months and years—not in hours.

Today American-built aircraft, military and commercial, are the finest in the world—sturdier, faster, more maneuverable than anything Europe has been able to develop. But they are produced to American standards and by American methods. And under such standards and methods, mass production on a scale achieved in Europe cannot be accomplished overnight, even though the aircraft industry is preparing for any emergency.

The distance from Dover, England, across the channel to Calais, France, is only 21 miles.

DEER SEASON OUTLOOK GOOD THIS YEAR, SAYS STATE BUREAU REPORT

SAN FRANCISCO, July 4—California's deer hunters have a good season ahead of them if advance indications are any sign. With the open 1939-40 winter, and with rains predominating up to the 6,000 foot level throughout the state instead of to the usual 4,000 feet, the deer have had the finest food crop in many years. Although the deer will less concentrated in the countryside this year, they will be fat, the buckskin with larger antlers growth and in excellent condition. The estimated deer population of the state is between 400,000 and 450,000.

Last year the deer kill in the state was 43,250, as compared with an average of 23,609 taken per year for the period 1927-39. According to Joe Hunter, chief of the bureau of game conservation of the California division of fish and game, there is no reason why hunters should not have even greater success this year.

Deer season this year opens on August 1 in the central coast counties, on August 10 in the southern coast counties and on September 16 in the remainder of the state. This is the same deer season that was in effect last year.

BANK OF AMERICA
REPORT IS GUIDE TO
STATE'S BUSINESS

Officials of Bank of America here pointed today to the institutions statement of condition as of June 29, showing new records in growth, as indicating the economic health of California in the face of greatly disturbed conditions abroad.

Bank of America is regarded nationally as a barometer of conditions in California. The bank's achievement of new high marks in deposits, capital funds and loans to business and individuals, shared in by this community, are hailed as the happiest of auguries for continued growth of the state as a whole.

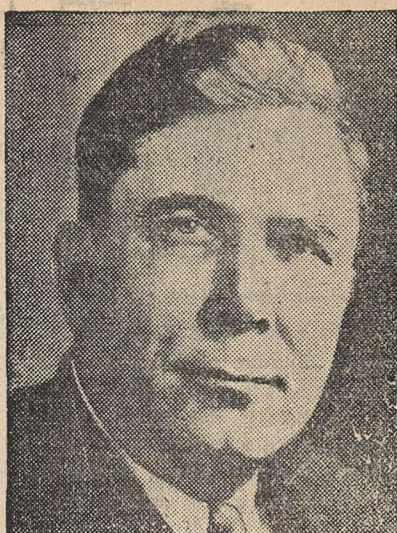

The largest single item of Federal spending is for administrative personnel. It exceeds pay of WPA workers, farm-aid benefits, the Army and Navy, CCC camps or old-age pensions.

ANNOUNCING
 The new **POL-O-TONE**

Dark Horse . .

Shown above is Wendell Willkie who last Thursday night became the 22nd Republican candidate for president of the United States. Willkie, a native of Indiana, has voting residence in New York city where he was, until this week, president of a utilities concern. He is a "reformed" Democrat as of 1936 and was a dark horse before the convention. His nomination came on the sixth ballot after a battle with Senator Robert A. Taft of Ohio.

STATE SURVEY SHOWS
WORKERS' STATISTICS

SACRAMENTO, July 4—The average claimant for unemployment insurance in California is an unskilled man, 35 years old, who has earned \$834 in the preceding year as a worker in industry or trade. Mr. Average Claimant received \$294 in total benefits in weekly payments of \$16 each.

This composite picture of the average benefit claimant is based on a study of 5,403 claims received by the state department of employment during the period December 1, 1939 to January 13, 1940.

The survey indicated that 75 per cent of all benefit claimants were men previously engaged in an industrial operation. Highest average earnings for any single group analyzed were those recorded for workers over 65 years of age. Claimants under 30 received the lowest average wage during the qualifying period.

Claimants previously engaged in mining operations, including oil recovery, oil production, refining and distribution received the highest maximum awards and weekly amount distribution. Lowest maximum amount and weekly amount went to employees in wholesale and retail trade.

Shortest sustained employment was found among employees of food concerns, whose average employment preceding filing for benefits was but six months.

TEN-FOLD INCREASE
ON RELIEF ROLES IN
TEN YEARS IS SEEN

In Nevada county, 438 persons received aid to the needy aged, 19 aid to needy blind, 139 aid to needy children, and 120 aid for county indigents in April of this year, says California Taxpayers' association, studying relief loads for these types of aid and their effect on count tax rates. Other kinds of aid given are SRA, financed solely by the state; WPA, financed by the Federal government, with local governments aiding as sponsors of projects; CCC, NYA and FSA, all financed by the Federal government. Aid to the needy aged, blind and dependent children is financed by the county, state and federal governments, while aid to county indigents is financed entirely out of the county tax fund, the association stated.

Throughout the state, the numbers of persons receiving aid and the amounts of aid have increased at a much faster rate than population has grown, the association declared. On January 1, 1931, there were 109 persons per 100,000 of population in the state receiving aid to the needy aged; on January 1, 1940, there were 1,898 persons per 100,000 population receiving this kind of aid. During the ten years, maximum aid extended jumped from \$30 per person per month to \$40, age of eligibility dropped from 70 to 65, and definition of "needy" has been widely liberalized.

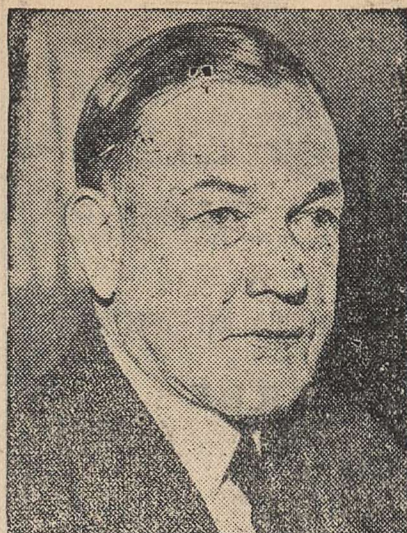

PALISADES GLACIER IS
SCENE OF SKI SCHOOL

Palisades Glacier, the largest most southerly glacier in the United States, has great possibilities for summer skiing, according to Hans Sarbach, of Adelboden, Switzerland, who has been investigating this alpine area with the intention of conducting a summer ski school, reports the National Automobile club. Sarbach says that there should be good skiing on a cornbase snow directly beneath the towering peak of Mt. Sill, 14,254 feet above sea level. This high terrain, states the Swiss, is a beautiful replica of the Swiss Alps and once properly exploited, should prove extremely popular with Southern California ski enthusiasts. It has many natural advantages and adequate comfortable accommodations are provided at the Upper Camp of Glacier Lodge, which is conveniently reached by automobile from Los Angeles in about six and one-half hours.

The Federal government in 1939 collected more in taxes than was collected by all the states and more than was collected by all local governments, according to the Tax Policy League.

TOWN TOPICS

WEDDED AT TAHOE

Bishop Noel Porter officiated at an impressive marriage service in the Chapel of the Pines at Lake Tahoe last week when Miss Phyllis R. Joannes and Meyers L. Mobley of Nevada City were united in the presence of relatives and close friends.

Guest at Boca—

Miss Melba Saibini of Crockett returned home last night after spending several days at the home of Mr. and Mrs. D. Saibini at Boca.

Tahoe Honeymoon—

Mr. and Mrs. Harold M. Robbins, who were recently married in San Francisco, are enjoying a trip to Lake Tahoe.

Tahoe Visitor—

Miss Sara Scoggins of Colusa is a guest at Lake Tahoe this week.

In Loyalton—

Mr. and Mrs. Ben Tonini, Mrs. Clara Nelson, Mrs. Calla Bick and Hazel Nelson visited in Loyalton on Sunday at the home of Mr. and Mrs. Robert Thompson, with whom Hazel will visit for two weeks.

Move to Nevada City—

Mr. and Mrs. Ray Rusk, who made their home here for several years, recently moved to Nevada City. Rusk is employed in clerical work on the Nevada City-Downieville highway.

From Roseville—

Gino Guidi of Roseville is employed for the summer at the Union Oil station here.

C. Alex Clements, Sacramento, was a business visitor here on Monday. Clement expects to move to Stockton where he will have charge of the division office of the company he is connected with.

SUFFERS EYE INJURY

Adolph Schmidt of Floriston is in a Reno hospital recovering from a severe eye injury. The injury occurred last week when a falling rivet struck him while he was aiding in the dismantling of the paper mill at Floriston.

At Bottling Works—

John Saibini of Boca has been employed at the Coca-Cola Bottling company works here for the summer.

On Vacation—

Mr. and Mrs. Vernon Pearson and daughters, Misses Betty, Verna and Marilyn, expect to leave today for a two weeks' vacation to Boulder City and the Grand Canyon.

Returns from Richmond—

Harvey Oates returned from Richmond on Sunday where he visited over the week-end.

Return Home—

Mr. and Mrs. T. E. Pinckney returned from a two weeks' vacation on Tuesday.

The Truckee chamber of commerce luncheon will be held at Donner Lake at noon Monday.

MARRIED IN RENO

Miss Ginger Kelly of Sacramento and Robert Armstrong of San Jose were married in Reno Sunday. The groom is the son of Mr. and Mrs. Thomas Armstrong, former local residents.

Here from Oakland—

Mr. and Mrs. George Moore and Mr. and Mrs. Clinton Moore, all of Oakland, are Truckee visitors this week.

Ladies Aid Meet—

The Ladies Aid of the Community Methodist church will meet Thursday, June 11, at 2 P. M. at the home of Mrs. Ben Tonini.

Red Cross Request—

The ladies who are able to assist in sewing, knitting or crocheting for Red Cross are asked to meet at the Wyethia Club house on Tuesday.

From Woodland—

Judge and Mrs. A. G. Bailey of Woodland visited briefly in Truckee Wednesday. They are spending the week-end near Yuba Pass.

Returns to Truckee—

Rufus Gregory, who has been residing in Redding for the past several months, has returned to Truckee and plans to reside here if present plans materialize. He reports Mrs. Gregory and the children in good health.

SORORITY TO TAHOE

A week-end trip to Lake Tahoe is in store for the members of Como Amiga, Sacramento sorority. Helen Tregellas, newly installed president, is arranging for the outing to be held July 13 and 14.

Sixteen girls have made reservations.

CALIFORNIA HAS NEW EGG LAW

The law takes effect July 1st. Under it, first grade eggs are marked Grade AA. Second grade eggs are marked Grade A and third grade eggs are marked Grade B. The eggs must also be marked Large, Medium or Small to tell their size. Grade AA eggs must have thick whites and firm yolks and be in the bloom of youth when sold to the consumer. Grade A eggs are good eggs but have lost the bloom of youth. Grade B is the lowest grade a dealer can retail. Eggs from hens out of condition or eggs left in a hot chicken house all day or under hens that want to set won't pass the test for Grade AA. So the egg farmer that produces Grade AA eggs must gather his eggs about 3 times a day, keep his broody hens shut up and deliver his eggs to the dealer while still in the bloom of youth and the dealer must get the eggs into the hands of the consumer before they have lost that bloom of youth. With a state egg inspector also a county egg inspector to watch the egg producers and dealers, a person, buying Grade AA should get fine eggs, well worth the small premium paid for them. —Adv.
